

CONNECT
For Suppliers

Collaborate with Apparel Brands on your Fabrics, Testing, and Specs!

Key Benefits:

- Reduce Cost of Sales
- Promote your Fabric Library to TEXbase Brands, 24/7 - 365
- Collaborate with Brands on Specs and Testing to Reduce MCT by 37%

Promote your fabric library to TEXbase brand customers through *MultiConnect* or *SingleConnect* where the world's leading brands can instantly search, view and import your fabrics directly into their product development process.

- Upload your fabric library into TEXbase where it will be deeply embedded inside the product development teams of the world's leading brands - working for you 24/7
- Enter test data that will be immediately imported into your customer's TEXbase account
- Calculations for test data are performed automatically
- Electronically sign specifications with your customer - no longer having to manage PDFs, spec books, and physical documents
- Low subscription price
- Utilize your TEXbase account for your sales and marketing groups
- Work with your customers to bring new products to market faster
- Increase communication and feedback with your customers - reduce what takes two days to a few minutes

TEXbase **SingleConnect:**

Expose your entire Fabric Library to any single TEXbase Apparel Brand Customer

TEXbase **MultiConnect:**

Expose your entire Fabric Library to ALL TEXbase Apparel Brand Customers

Join 135+ Fabric Mills Worldwide and *Connect* to a growing list of TEXbase Brand Customers!

Improve Your Innovation while Increasing Profits - Contact TEXbase Today!

Allow brands to import fabric data into their internal library for development

Select a Fabric Vendor from One of the Following 2 Options

Vendor of Shared Fabric: **DemoTex**

Option 1: Select an Existing Vendor from my Library
Vendor Name: DemoTex

Option 2: Create a New Vendor for my Library
Vendor Name: Relationship: Customer
